CHOOSE MCKINLEY FOR RAW MATERIALS

MCKINLEY

OTC

Our **OTC (over the counter)** product line consists of high quality active pharmaceutical ingredients for topical applications.

OTC Active Ingredients

PRODUCT NAME	CAS NUMBER	DESCRIPTION
Hydrocortisone Base USP	50-23-7	Corticosteroid hormone used to reduce inflammation, tenderness, itching and redness
Hydrocortisone Acetate USP	50-03-3	The ester of hydrocortisone. Corticosteroid hormone used to treat inflammatory skin reactions, insect bites and stings, mild to moderate eczema, and hemorrhoids.
Miconazole Nitrate USP	22832-87-7	Imidazole antifungal agent used to treat vaginal yeast infections and skin infections such as ringworm, jock itch, and athlete's foot.
Ketoconazole USP	65277-42-1	Imidazole antifungal agent that works by slowing the growth of fungi. Used to treat fungal skin infections such as ringworm, jock itch, athlete's foot and seborrheic dermatitis.
Benzocaine USP	94-09-7	Local anesthetic commonly used as a topical pain reliever for minor skin irritations, sore throat, sunburn, teething pain, hemorrhoids and many other sources of minor pain.
Lidocaine Base USP	137-58-6	Local anesthetic used topically to relieve itching, burning, and pain from inflammatory skin conditions, injected as a dental anesthetic, or used as a local anesthetic for minor surgery.
Lidocaine HCL USP	6108-05-0	Water soluble form of lidocaine. Local anesthetic used topically to relieve itching, burning, and pain from inflammatory skin conditions, injected as a dental anesthetic, or used as a local anesthetic for minor surgery.
Salicylic Acid USP	69-72-7	A β -hydroxy acid widely used in cosmetic applications for acne and oily skin. It works as a keratolytic, bactericide, and comedolytic agent.

We invite every company to contact us about our “**McKinley OTC Active Ingredients**” product line. McKinley Resources is positioned to **fill orders quickly, provide short lead-times, and accommodate specialty orders.**

CHOOSE MCKINLEY FOR RAW MATERIALS

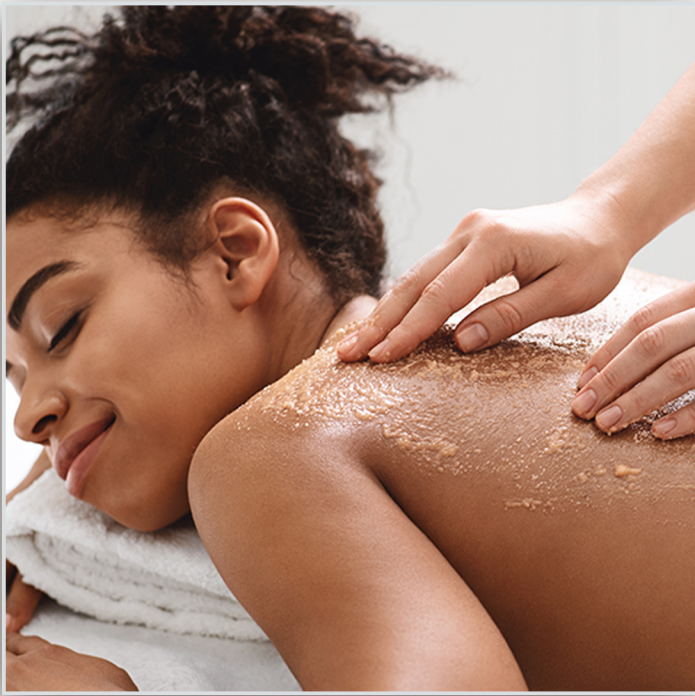

NATURAL EXFOLIANTS

Walnut Shells are high quality, natural, and biodegradable. Apricot Kernel Shells are easy to use, safe, and sustainable in both industrial and cosmetic applications.

McKinley Resources takes pride in providing unique products. Many of our customers use our Apricot Kernel and Walnut Shells material as an exfoliant in scrubs to create products that assist in removing dry and dead skin cells.

Natural Exfoliants

Walnut Shell 35/60

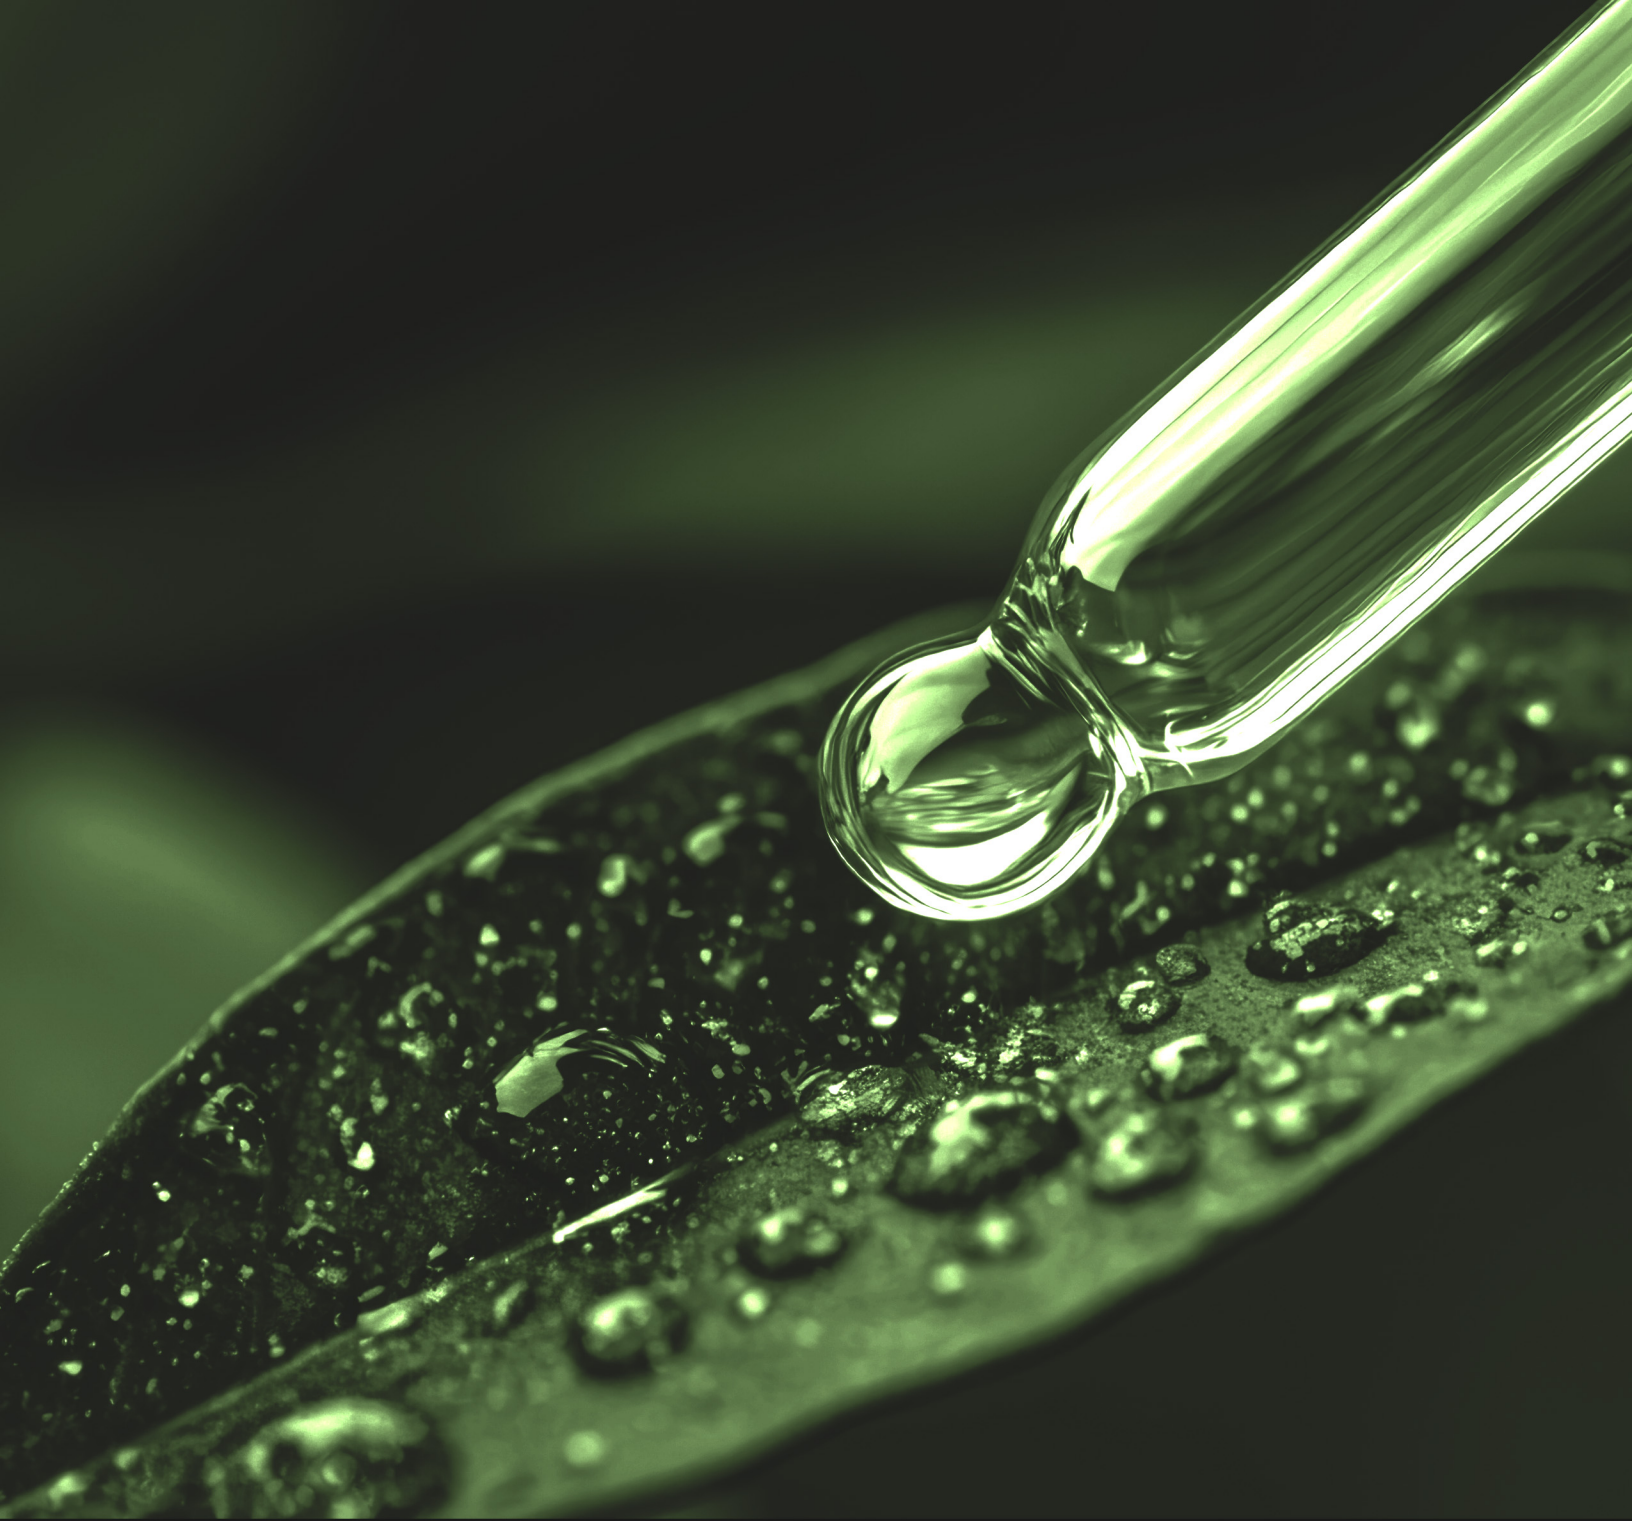

Walnut Shell 40/100

Apricot Kernel Shells 40/60

In cosmetic applications, natural exfoliants are used when there is a need for mechanical exfoliation of the outer layer of the skin. McKinley's natural exfoliants are specially processed by irradiation and are micro-tested to ensure reduced bioburden.

ULTRA NOURISHMENT
FOR HAIR AND SCALP
with **BIOVITRIENT 124™**

Function:
Hair Nourishment, Gloss Enhancer

Recommended Use Level:
2.0% - 5.0%

INCI:
Water, Glycerin, Aloe barbadensis (Aloe vera) gel extract, Betula alba (Birch) leaf extract, Chamomilla recutita (Chamomile) extract, Equisetum arvense (Horsetail) extract, Urtica dioica (Nettle) extract, Humulus lupulus (Hops) extract, Arctium lappa (Burdock) extract, Salvia officinalis (Sage) leaf extract, Camellia sinensis (Green Tea) extract, Lawsonia inermis (Henna) extract, Panicum miliaceum (Millet) extract, D-Panthenol, Niacin, Biotin, Potassium Sorbate, Sodium Benzoate, Citric Acid

SAY GOODBYE TO
DULL HAIR
with **BIOVOLUME 128™**

Function:
Hair Volumizing, Balanced Hydration, Protective Film

Recommended Use Level:
2.0% - 5.0%

INCI:
Water, Glycerin, Tilia tomentosa (Linden) bud extract, Potassium Sorbate, Sodium Benzoate, Citric Acid

PROTECT
HAIR COLOR
with **CHROMAZONE™**

Function:
Hair Color Protection

Recommended Use Level:
1.0% - 3.0%

INCI:
Water, Lecithin, Punica granatum (Pomegranate) Pericarp Extract, Phenylethyl alcohol, 1,2-Hexanediol

SPRING TIME
FOR SCALP
with **DANDELIX PRO™**

Function:
Improved Scalp Health, Microbiome Balancing, Flake Elimination, Anti-Itch

Recommended Use Level:
2.5% - 3.0%

INCI:
Water, Glycerin, D-Panthenol, Rosmarinus (Rosemary) leaf extract, Nasturtium officinale (Watercress) extract, Salvia officinalis (Sage) extract, Niacin, Biotin, Potassium Sorbate, Sodium Benzoate, Citric Acid

ENDOCUTICLE-EDGE FILLER:
SHINE, SMOOTH, STRAIGHT HAIR
REPAIRED & HEALTHIER SKIN
with **ROSECOCKTAIL™**

Function:
Hair Straightening, Gloss Enhancement

Recommended Use Level:
1.0% - 5.0%

INCI:
Prunus armeniaca Kernel Oil, Prunus persica Kernel Oil, Rosa canina Seed Oil

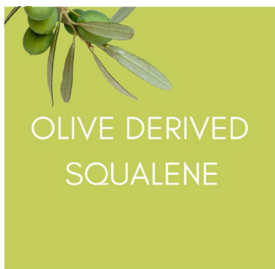

FIND THE MISSING PIECE
TO HEALTHY HAIR
with **TRI-MEA™**

Function:
Bond Repair, Conditioner Booster, Split-End Repair, Anti-Frizz, Heat Protection

Recommended Use Level:
1.0% - 4.0%

INCI:
Water, Glycerin, Lecithin, Oleic Acid, Triticum vulgare (Wheat) Germ Extract, Potassium Sorbate, Sodium Benzoate, Citric Acid

OLIVE DERIVED
SQUALENE

Function:
Moisturization

Recommended Use Level:
1.0% - 50.0%

INCI:
Squalene

NON-INVASIVE
PLUMPING EFFECT
with **LIPSTHICK™**

Function:
Instant Lip Plumping, Hydration

Recommended Use Level:
8.0% - 12.0%

INCI:
Caprylic capric triglyceride, Mentha arvensis Leaf Oil, Zingiber officinale Root Oil, Cinnamomum cassia Oil, Lecithin, Glycerin, Water/Aqua, Hyaluronic Acid

REPAIRED &
HEALTHIER SKIN
with **ROSECOCKTAIL™**

Function:
Skin Barrier Repair, Anti-Oxidant, Anti-Inflammatory,
Skin Brightening, Anti-Aging

Recommended Use Level:
1.0% - 5.0%

INCI:
Prunus armeniaca Kernel Oil, Prunus persica Kernel Oil, Rosa canina Seed Oil

SCULPTING A VISION OF
TIMELESS BEAUTY
with **SMARTEEN™**

Function:
Reduction of Dark Circles and Puffiness, Anti-Redness

Recommended Level:
0.1% - 0.5%

INCI:
Neoruscogenin, Ruscogenin

LONGEVITY-DRIVEN
CELLULAR PROGRAMMING
with **AST-4™**

Function:
Skin Longevity, Improves the Appearance of Nasolabial Folds,
Lifting and Firming Effect, Skin Tone Evenness, Skin Radiance & Brightness

Recommended Use Level:
0.1-0.5%

INCI:
Astragalus membranaceus Root Extract, Maltodextrin

FLUFFY CLOUD OF SERENITY
FOR ADVANCED BODY CARE
with **CLOUDIN+™**

Function:
Adaptive Body Care, Skin Barrier Reinforcing, Collagen Structure Support,
Maintains Deep Hydration, Restores Skin Comfort Balance

Recommended Use Level:
1.0-4.0%

INCI:
Water, Glycerine, Aloe barbadensis Leaf Extract, Melissa officinalis Extract, Chamomilla recutitita Flower Extract, Potassium Sorbate, Sodium Benzoate, Citric Acid

A4V™
THE FUTURE OF SKIN LONGEVITY
BEAUTY FROM WITHIN

Function:
Nutricosmetic Active, Cellular Longevity Support,
Inflammaging Modulation, Telomere Health, Metabolic Resilience

Recommended daily dose:
200 mg A4V™

FGF2-STAB[®] POLYPEPTIDE

STABILIZED FIBROBLAST GROWTH FACTOR 2

Before

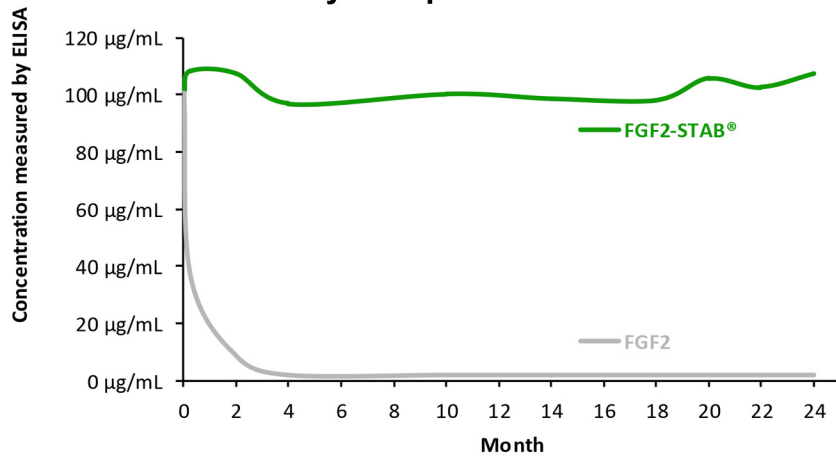

After 2 months

An **FGF2-STAB[®]** cream was applied daily for two months. Skin appearance visibly improved with reduced wrinkles and texture. The images above capture the changes in a representative individual.

Stability in Aqueous Solution at 25 °C

SHELF LIFE IMPROVED FROM < 1 MONTH TO 2 YEARS @ 25°C

SUITABLE FOR

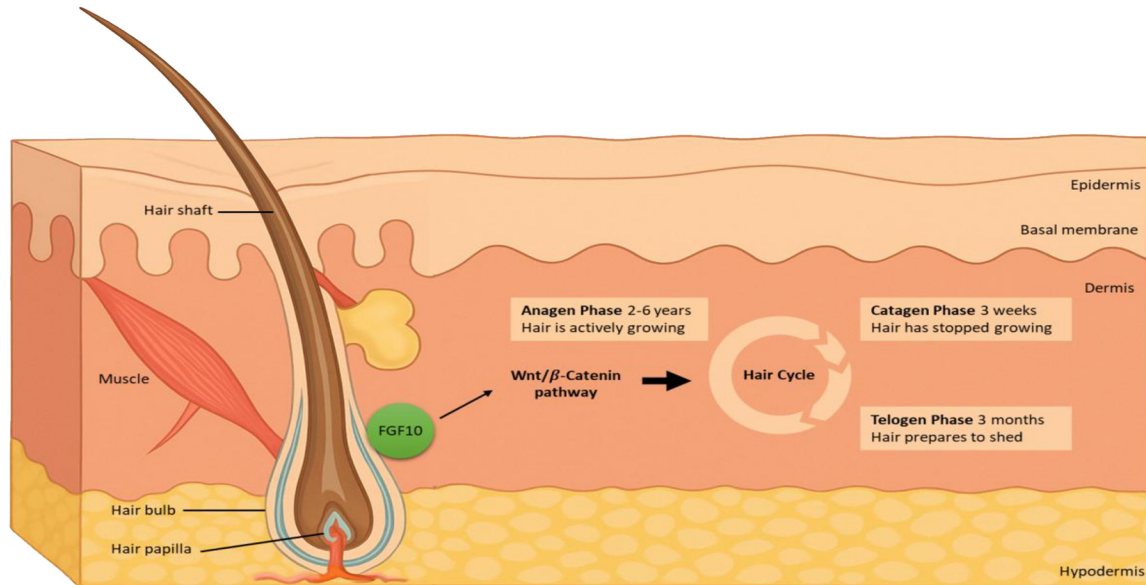

AGING SKIN • DEHYDRATED SKIN • WRINKLED SKIN • UNEVEN TEXTURED SKIN • WOUND HEALING

RECOMMENDED USE LEVEL: 0.1 – 1%

INCI SH-POLYPEPTIDE-1

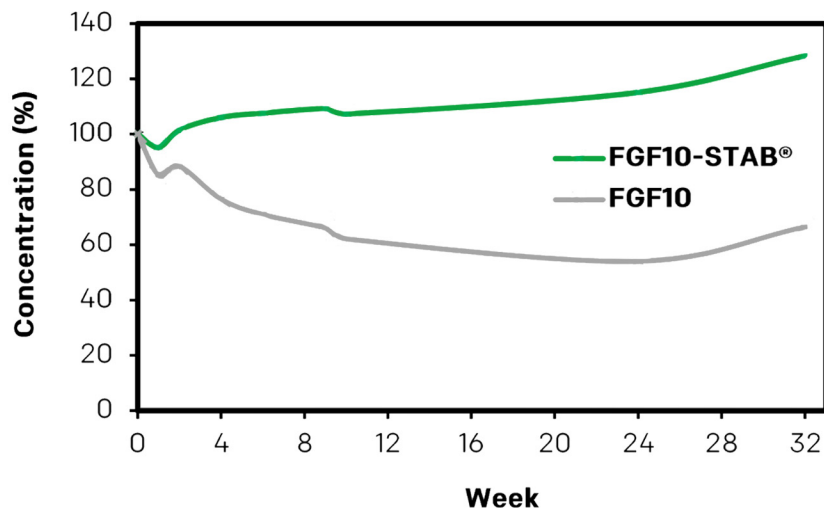

FGF10-STAB[®] POLYPEPTIDE

STABILIZED FIBROBLAST GROWTH FACTOR 10

FGF10-STAB[®] activates the Wnt hair growth signaling pathway during the Anagen Phase.

Stability in Aqueous Solution at 25 °C

*SHELF LIFE IMPROVED FROM < 10 WEEKS TO > 8 MONTHS @ 25°C

SUITABLE FOR

THINNING, NON-GROWING HAIR AND AN UNHEALTHY SCALP

MarineGlow™

INCI *Porphyridium cruentum* extract

MarineGlow™ is a natural, **marine-derived bioactive** ingredient extracted from *Porphyridium cruentum*, a red microalgae native to the Atlantic Ocean. Under extreme environmental and stress-induced conditions, *Porphyridium cruentum* secretes sulfated polysaccharides as a defense mechanism. These exopolysaccharides can be cultivated and used in cosmetic applications for instant hydration, enhanced radiance, barrier support, and skin rejuvenation.

Recommended Use Level: 1 - 5%
