	SkinBrite-99®	Glycolic Acid	Varies Anti-wrinkle Exfoliation Skin lightening Anti-acne

NATURAL EXFOLIANTS

Natural exfoliants have been used for many years as an environmentally responsible alternative in a variety of industries and applications.

In cosmetic applications, they are used when there is a need for mechanical exfoliation of the outer layer of the skin. McKinley's natural exfoliants are specially processed by irradiation and are micro-tested to ensure reduced bioburden.

PRODUCT LIST

Walnut Shell 35/60

Apricot Seed Powder 40/60

Walnut Shell 40/100

Corn Meal
